2. **Highly competitive**
3. **Diverse range of skill sets**
4. **Quality assured and robust**

A highly experienced multi-disciplinary team dedicated to improving service outcomes with a robust infrastructure and support

Our track record

As well as supporting an extensive number of NHS clients in England and Wales, In-Form Solutions continues to support overseas governments with financial planning, international commissioning, costing and contracting. The team are providing hands on support to deliver greater collaboration, integration and innovation to further improve service outcomes to patients and organisational effectiveness. By applying innovative thinking and the most up to date digital technology, we have enabled more care to be provided locally to the benefit of both service users and practitioners.

Transforming services and outcomes

In St Helens, the team, through programme management, are supporting the “St Helens Cares” strategy enabling the transfer of services to “excellent” providers focusing on delivering high quality local services.

In Derbyshire, the team are supporting the development and implementation of the Continuing Health Care (CHC) Strategy with the aim of providing appropriate and effective care in the community.

Providing greater effectiveness

NHSI have recommended that In-Form Solutions support a number of NHS organisations with their financial planning, governance and strategy in order to be more cost effective in the modern healthcare environment.

The company has supported NHS Wales with the development and implementation of some of their major procurement strategies. Additionally, they recently undertook an Impact Assessment for developing a number of UTC’s for a STP across a whole community.

Their HR specialists have undertaken and managed independent HR investigations for a number of NHS Trusts.

"I think being put into Financial Special Measures we were all very apprehensive, but you were a breath of fresh air, you came with a wealth of knowledge, a calming presence and I absolutely appreciated your support"

"The program brief was fully met with very positive feedback from NHSE/I"

"We have worked with In-Form Solutions for several years on various projects. I have peace of mind using the organisation for support and they have built good relationships with the team and partners over the years and become a trusted and valued support when we have needed it"
