Data analyst and researcher – turning research and data into decisions through financial and activity modelling, performance reporting and presentation

Ben brings over ten years' experience across the NHS, island health systems, local government and the commercial sector. A highly motivated analyst with a strong mathematical and accounting background, he turns complex data into clear, practical insight that improves performance, outcomes and value for money.

KEY EXPERIENCE

- 📋 **Commissioning & Contracting.** Co-ordinates off-island commissioning for Gibraltar and Jersey – producing detailed regular performance reports and presentations, validation of patient activity and costs, quarterly provider reconciliations, invoicing and annual Heads of Agreement.
- 💰 **Business Cases & Finance.** Financial and activity modelling for five-case SOC, OBCs and FBCs – all-Wales Point of Care Testing, Electronic Prescribing and Digital Maternity, and Lincolnshire mental health; Long-Term Financial Model for The Liston Group.
- 📊 **Data & Reporting.** Designed the Virtual COVID-19 Ward SITREP and demand and capacity model for Lancashire & South Cumbria; performance dashboards, benchmarking and automated reports.
- ⚙️ **Service Redesign.** Supported the St Helens community services transition across 10 service lines, the Merseyside Community Equipment Services review and Jersey's radiotherapy feasibility study.
- 🚩 **Programme & Bid Management.** PRINCE2 Practitioner providing project support; part of the bid team for government framework wins and the Badger Group vasectomy, Walk-in and Urgent Treatment Centre bids; data analytics for the OHP payroll transfer.
- 📈 **Quality & Governance.** Prepared processes, procedures and internal reporting for ISO 9001, ISO 14001, Cyber Essentials Plus and the NHSE Information Governance Toolkit; supported GP practices with the IG Toolkit.

CLIENTS INCLUDE

NHS in England and Wales · NHS Trusts · Integrated Care Boards · Digital Health and Care Wales · Governments of Gibraltar and Jersey · Local Authorities · GP practices · Commercial organisations

ASSIGNMENTS & EXPERIENCE

CURRENT ASSIGNMENTS

Gibraltar Health Authority (GHA) 2016 – PRESENT

- ① Preparing and producing monthly monitoring reports, with a monthly written report giving a fuller narrative (ongoing).
- ① Co-ordinating and validating patient information, activity and costs for all UK and Spanish activity from Gibraltar, providing detailed quarterly reports and monthly summary reports (ongoing).
- ① Undertaking quarterly reconciliation statements for each provider, and organising and reconciling monthly invoices and payments (ongoing).
- ① Liaising with the GHA and contracted providers to ensure smooth communication (ongoing).
- ① Supporting the development of a pulmonary rehabilitation business case, including forecasting and costing (2025).
- ① Supporting the development of a new procurement strategy (2025).

Health & Care Jersey, Government of Jersey (HCJ) 2016 – PRESENT

Commissioning Project (2016 – present)

- ① Producing a quarterly data report with all individual activity detailed, sorted and analysed for accessibility (ongoing).
- ① Co-ordinating and validating patient information, activity and costs for all UK activity from Jersey, providing detailed quarterly reports and monthly summary reports (ongoing).
- ① Undertaking quarterly reconciliation statements for each provider, and organising and reconciling monthly invoices and payments (ongoing).
- ① Liaising with HCJ and contracted providers to ensure smooth communication (ongoing).
- ① Producing annual Heads of Agreement and contract documentation (ongoing).
- ① Undertook a detailed activity modelling exercise for all UK healthcare providers across a four-year-plus period, with quarterly reports (2023 – ongoing).

Radiotherapy Feasibility Project (2021/22)

- ① Lead analyst on activity and finance data, supporting the development of a financial costing model for options to bring a radiotherapy service on to the island.
- ① Supported report writing, PowerPoint presentations and interviews.

Our Health Partnership (OHP) BIRMINGHAM · 2026 – PRESENT

One of the largest GP super-partnerships in the UK, operating under a unique autonomy model

- ① Supporting the project management of the planning and transfer of payroll from one provider to another for more than 40 GP practices and Primary Care Networks (PCNs) (ongoing).

Citizens Advice South East Staffordshire STAFFORDSHIRE · 2025 – PRESENT

- ① Producing regular weekly monitoring and activity reports on a voluntary basis (2025 – ongoing).

PREVIOUS ASSIGNMENTS

X Wave Technologies DUBLIN, IRELAND · 2026

- ① Supported the business development process assignment by providing analytics and PowerPoint reports.

Badger Group WEST MIDLANDS · 2025 – 2026

Not-for-profit social enterprise healthcare co-operative

- ① Supported a successful external bid to provide vasectomy services (2026).
- ① Supported an external bid to provide Walk-in Centre and Urgent Treatment Centre services, preparing detailed best-practice research and statistical reports (2025).

Lincolnshire ICB & Lincolnshire Partnership NHS Foundation Trust 2025 – 2026

- ① Supported the development of a Strategic Outline Case (SOC) and then a Full Business Case (FBC) for the redevelopment and reconfiguration of mental health services across Lincolnshire.
- ① Contributed financial modelling, benefits and risk assessment, activity profiling including demand forecasting, project management and narrative for the five-case business case.

The Liston Group 2024 – 2025

- ① Developed a Long-Term Financial Model (LTFM) with schedules of income and costs, what-if scenarios and sensitivity analysis to aid planning and risk management – producing the P&L, cash flow statement, balance sheet and supporting documentation.
- ① Developed a series of future business scenarios and impact statements (2024).

Lichfield District Council 2024

- ① Produced analytical reports for the Leisure Services team.

Digital Health and Care Wales (DHCW), NHS Wales 2021 – 2025

- ① Supporting the all-Wales Point of Care Testing Outline Business Case (OBC), including finance and activity modelling, sensitivity analysis, and benefits and risk assessments (2025).
- ① Supported the all-Wales Electronic Prescribing OBC, including finance and activity modelling, sensitivity analysis, and benefits and risk assessments (2024).
- ① Supported the all-Wales Digital Maternity Services OBC, including financial models with scenario and sensitivity analysis (2023).
- ① Undertook detailed financial analysis of all bidders in national NHS Wales procurements for the RISP informatics project (2021/22) and Digital Maternity Services (2023).
- ① Undertook detailed modelling and delivered internal training for end users across Wales on the RISP and Digital Maternity projects (2021/23).

Lancashire & South Cumbria ICB 2020 – 2023

- ① Designed a Virtual COVID-19 Ward SITREP report in Excel for the ICS, providing performance information from each of the five ICPs, including:
 - ① Daily activity – referrals, triage, onboarding, discharge and length of stay.
 - ① Hospital admission, conversion and community infection rates by geographical area.
 - ① Financial costings, and analysis by demographics and age.
 - ① Graphs and automated summary reports.
- ① Supported the design of a demand and capacity modelling tool, with scenario modelling based on infection, conversion and hospitalisation rates and age profiles.
- ① Revisited the modelling for the Omicron variant to establish the impact on service provision.

Liverpool CCG & Liverpool City Council 2021 – 2022

- ① Lead analyst for the review of Community Equipment Services across Merseyside – activity modelling and profiling, benchmarking with other providers, and a financial model with scenario and sensitivity analysis.

GP Practices in Primary Care 2019 – 2023

- ① Supported a number of GP practices with the planning and implementation of the NHS Information Governance Toolkit.

St Helens CCG 2019 – 2020

- ① Supported the Community Service Transition Project Team across 10 service lines, four NHS trusts, three CCGs, the local authority and voluntary organisations by:
 - ① Producing monthly performance dashboards, reports and monitoring sheets.
 - ① Supporting the evaluation of location options.
 - ① Costing community services and budget setting.
 - ① Supporting updates to project plans.

Heart of England NHS Foundation Trust – Good Hope Hospital 2014

- ① Helped develop the 2014 Innovation and Cost Improvement Plan.
- ① Supported the organisation and hosting of the 2014 “Let’s Innovate” roadshows across the Trust.
- ① Supported the Good Hope Hospital fundraising programme.
- ① Developed an asset register for the central location.

PERSONAL INTERESTS & VOLUNTARY ROLES

- ① A twenty-year career in track and field and cross-country running, including Midlands 1500m champion and representing Birchfield Harriers nationally and internationally – part of the senior men's team that won silver in the Midland Cross-Country Championships, bronze in the Birmingham Cross-Country League and silver in the Midland Counties 12-stage Road Relays.
- ① Supports the Birchfield Harriers Academy, coaching young athletes entering and developing in the sport.
