Notes:

Details:

Code:	The unique identifier code for the organisation.
Name:	The name of the organisation.
Short Name:	An alternative short name if the legal name is more than 40 characters.
URL:	The web address of the organisation.

Address:

This is the primary address for the organisation.

Type of Organisation:

Your organisation type is determined based on a number of criteria decided by the Organisation Data Service and is intended to provide a general classification.
--

Dates:

Start Date:	This is the Date from which the Organisation Code can be considered valid, regardless of whether the Organisation is legally active.
Legal Open Date:	This is the Legal Open Date. This can differ from the Start Date where the code is required before the organisation is active.
Legal Close Date:	This is the Legal Close Date. Where an organisation has a Close Date it signifies that the organisation is not legally active.
End Date:	If there is no End Date, then the code is still active, regardless of whether the organisation is legally active. An organisation cannot have an End Date without a Legal Close Date.
